INK JET RECORDING SHEET

OJI PAPER CO LTD

Inventor(s): TSUCHIDA TETSUO ; MEGURO TATSUYA

Application No. 10049586 JP10049586 JP, Filed 19980302,

Abstract: PROBLEM TO BE SOLVED: To form an ink jet recording sheet excellent in record density and recording image quality, moreover, an excellent light fastness of recording images.

SOLUTION: The ink jet recording sheet is to form recording images by the use of water ink, wherein at least one kind of a compound expressed by formula is contained in the recording sheet. In the formula, R shows a 1-8C alkoxyl group, a cyclohexyloxy group, and a benziloxy group, and (n) shows an integer of 1-8.
